## POLICE BILL IS SURE TO PASS.

Measure Will Go Through Nevada Senate Today.

Bill of House Shows Safe Majority for It.

## Governor May Send in Message on Arbitration Bill.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, Jan. 23.—The Senate in committee of the whole today passed the State Police Bill, and unanimously recommended its passage.

The bill was ordered enrolled. It calls for an appropriation of \$100,000.

At 10 o'clock tomorrow the bill will come up in the Senate for third reading and final passage.

There were only two amendments to the bill in the committee of the whole, one cutting the appropriation from \$150,000 to \$100,000, and the other requiring a six-months' recess before the bill would be taken up in the Senate.

The bill will probably reach the Governor tomorrow afternoon.

PROVIDES FOR ARBITRATION.

It is probable that Governor Sparks will send a message to the Legislature regarding arbitration. The measure is now before the Senate.

The bill is now before the Senate. It is a measure providing for an arbitration board to settle disputes between employers and employees.

## DERALTA CLAIM IS REVIVED.

SITES OF OAKLAND, BERKELEY AND ALAMEDA AT STAKE.

Heirs of Old-Time Spanish Rancher Will Appeal Directly to the United States Government for Payment of Thousands of Acres of Land Guaranteed Under Treaty With Mexico.

(BY THE ASSOCIATED PRESS—A.M.)

OAKLAND, Jan. 23.—Another attempt will be made by the heirs of the late Luis Peraltas, who died in 1880, to recover the rule of Spain and Mexico, and owner of a principality extending from the ocean to the Sierra Nevada, comprising the present cities of Oakland, Berkeley and Alameda, and thousands of acres of rich land, to recover this territory, which they declare has been stolen from them.

Copies may be had at The Times office, all agencies and at news stands. The Midwinter Number is never out of date. It is just as readable and as timely today as on January 1. The more copies that are sent out, the greater will be the benefit to the Southwest.

TELLS OF FRAUDS.

Defendant in Land Conspiracy Case Pleads Guilty and Gives Evidence for Government.

(BY THE ASSOCIATED PRESS—P.M.)

PORTLAND (Or.) Jan. 23.—Just before the Federal court adjourned today, W. W. Stelver, former State Senator, member of the Butte Creek Land, Live Stock and Lumber Company, and co-defendant with former State Senator Attorney John H. Hall, Edwin May and others in the conspiracy case now undergoing trial, pleaded guilty and took the witness stand in behalf of the government.

He had started to relate a conversation held with Hall when the case came to a close. Previously H. H. Hendricks and Clarence B. Zachary, also a stockholder in the Butte Creek Company, both of whom pleaded guilty to having conspired with Hall, May and others to defraud the government, testified regarding the character of the land enclosed by the Butte Creek company, and the manner in which prospective settlers were frightened off.

Zachary's most interesting statement was that the government had granted Hendricks, Stelver and himself partial immunity in the present case in consideration of their testimony against Hall and May. He said that their punishment in the present case would be to consist of a \$250 fine and one day in jail.

MANHATTAN CASE DECIDED.

Nevada Supreme Court Orders New Trial in Suit from Litigation Hill.

(BY THE ASSOCIATED PRESS—P.M.)

CARSON CITY (Nev.) Jan. 23.—In the Supreme Court today a decision was handed down in the case of the Manhattan Iron Mining Company v. Dan McManara et al. The court ordered a new trial.

The Supreme Court holds that the Nevada mining laws and not the United States laws apply in the matter of mode of location and time of assessment work.

The ground in dispute is situated on what is known as Litigation Hill, Manhattan, where, since the day of discovery, there have been some cases pending over the ownership of the ground.

CLAIMS PREJUDICE.

TREADWELL MAKES PLEA.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Jan. 23.—James Treadwell of the insolvent California Safe Deposit and Trust Company this morning, before Superior Judge Dunne, asked, through his attorney, former Dist. Atty. Bryington, that the indictments against him be dismissed because some of the grand jurors who found the indictments were depositors in the defunct bank. It was his argument that a personal feeling entered into their findings and that they had a feeling of malice toward the defendant.

This view was not taken of the situation by Judge Dunne and the request was denied. The court granted Treadwell twenty days to file a bill of exceptions.

In this exception, which was read to the court, it was held that no direct offense was stated in the indictments and that two charges had been incorporated in one. The points were all technical and will be thought over during the time granted by the court.

MAIL STEAMER MISSING.

FOX PROBABLY LOST.

(BY THE ASSOCIATED PRESS—P.M.)

SEATTLE, Jan. 23.—A cable to the Times from Juneau, Alaska, says: "It is feared that the United States mail steamer Fox has been lost, with Capt. Joseph States of Juneau, and Charles McCannagh, respectively, owner and engineer of the craft. The Fox left Winham Bay, January 14, for Alaska, fifty miles away. In spite of a thorough search which has been instituted nothing has been heard of the boat and those who were aboard."

The steamboat Marion and the E. D. M. have scouted the coasts and reefs for miles without gaining any information.

SLOPE BRIEFS.

To See Former Commissioners.

SAN FRANCISCO, Jan. 23.—Edward C. Harrison has begun suit against the former bank commissioners for the amount of his personal deposit in the California Safe Deposit and Trust Company, at the time that institution closed its doors. Charles H. Dunsmuir, Herman Silvers, N. Blackstock and Henry C. Sherer and their bondsmen are the defendants named. Harrison asserts that he was induced to deposit the money in the bank because of the statement of the commissioners that the bank was solvent.

Accident Victim Identified.

STOCKTON, Jan. 23.—The man who was killed by being run over by the Owl train at Tracy yesterday was Henry Meyerdecker of Elmhurst. His uncle, Claude Meyer, lives in town here, and says his nephew, who came from Germany three years ago, was a student. He left home on Jan. 3 from three weeks ago, and when last heard from was in Los Angeles.

To Contest Son's Will.

STOCKTON, Jan. 23.—Attorney J. J. Webster of this city, father of Everett B. Webster, the millionaire steel magnate, who died recently in New York, leaving an estate of \$2,000,000 to two women not his relatives, will contest the will. The attorney declares that overwork and kidney troubles rendered his son mentally unstable, and he declares also that his mother was insane for years before her death.

HAYTIAN PLOT  
IS REVEALED.Island Revolutionist Caught  
in New York.Bad Money and Many Rifles  
Are Seized.Conspiracy Might Have In-  
volved Cuba.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, Jan. 23.—Startling developments in the plot to overthrow the government of President Nord in Hayti have followed the investigations of the secret-service agents in New York in connection with the arrest of José M. G. Giordani on the charge of counterfeiting Haytian money.

The officers say they have ascertained that the plot was the agent of a formidable conspiracy, whose operations probably would have extended beyond the limits of Hayti into Santo Domingo and even into Cuba, had the revolution in Hayti been a success, and the agent in New York remained untraced.

It was found among other things, the secret-service agents declare, that certain persons in Hayti, including Frenchmen and Corsicans, and one of them a brother of Giordani, were active agents of the alleged conspiracy, and were designed in the papers found among Giordani's effects by numbers.

By careful inquiry the secret-service men were able to connect these numbers with the proper persons, and the first result was to fix upon Charles Miot, the American consular agent at St. Marc, as one of the persons to whom they applied. Upon learning this fact last evening the State Department immediately cabled to American Minors at Port au Prince to discontinue his agent at once from the employment of the United States. This action was taken because the State Department feels it must keep itself absolutely free from the appearance of sympathy with rebellious movements in Latin-American dependencies.

**MONEY AND RIFLES.**  
Chief Wilkie of the secret service made a statement today, giving the facts and circumstances connected with the arrest of Giordani, which go to show that at the time of his arrest Giordani had in his possession counterfeit Haytian paper to the face value of \$200,000, 200 Remington rifles, and 230,000 rounds of ammunition, all of which, it is understood, was intended for the Haytian revolutionists.

Six or seven months ago, when this government was advised by provisional Gov. Magdon that a small party of malcontents were trying to stir up a revolution in Cuba, it was discovered that Giordani was connected with them. At that time, it developed that he had represented Gen. Firman during the Haytian uprising in 1902. Firman then, as now, was the head of the revolutionary party. About that time, Giordani came to New York, and ever since then the secret-service officials have had him under close surveillance.

It was not long before it was discovered that Giordani had stored in a Brooklyn warehouse sixteen cases containing 200 Remington rifles, in five cases, and on January 4, by Giordani's orders, they were hauled to the Hamburg-American steamship, whence the steamer Gracela was to sail on January 8 for Hayti or other West Indian ports.

**"STRUCTURAL IRON."**  
The cases were marked "structural iron," and the fictitious name of C. Meram & Co. was given as the consignee. Gonaves, Hayti, was given as the destination, but the shipper's name was withheld.

There were subsequently added to the consignment twenty-three boxes marked "cement." The steamship company was notified by the officials not to receive the cargo, and the barrels.

Upon learning of this action, Giordani had them hauled away to another warehouse. By that time the secret-service agents had secured sufficient evidence to warrant them to open all the shipments. The barrels and boxes were found to contain seven Remington rifles, ammunition and \$200,000 in counterfeit Haytian currency.

Giordani's arrest followed, and in his apartment were found a large number of letters from Gen. Firman, other revolutionists in Hayti and elsewhere.

WASHINGTON, Jan. 23.—The following action has been taken by the War Department in the cases of the officers recently examined by retiring boards on account of disabilities discovered at the time of taking the test in horsemanship and found incapable for active service:

To be retired: Col. J. M. Marshall, assistant quartermaster general; Maj. Z. D. Vance, Fifth Infantry; Maj. George Palmer, Twenty-first Infantry; Maj. H. B. Bond, Second Infantry; Maj. P. M. B. Travis, Eleventh Infantry; Maj. E. Hallcock, surgeon; Chaplain P. Hayt, (major), Coast Artillery Corps.

Not to be retired at present: Lieut. Col. W. W. Robinson, deputy quartermaster general; Lieut. Col. O. M. Lissant, (major), Ordnance Department, professor of ordnance and gunnery, United States Military Academy.

To take the test in horsemanship now, if pronounced physically fit by his attending physician: Col. H. L. Harris, Coast Artillery Corps.

Not to be retired, provided they request to be excused from the test in horsemanship in view of the President's modification of former orders on the subject, and provided they are members of the permanent staff corps not detached, engaged on purely civil work or as technical instructors, who have arrived at an age and rank which renders it highly improbable that they will ever be assigned to any active participation in active operations in the field, may at their own request be excused from the physical test, but that such a request, if granted, will be regarded by the executive authority as a conclusive reason for denying further promotion or assignment to duty in position connected with the line of the army.

Col. Henry M. Adams, Corps of Engineers; Col. William L. Marshall, Corps of Engineers; Lieut. Col. William Crosswell, Corps of Engineers.

CENSUS BUREAU FIGURES.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, Jan. 23.—The census bureau today issued a report showing that the total amount of cotton in the United States gained from the

growth of 1907 to January 18, was 10,337,000 bales, compared with 12,176,139 bales for the same period last year, and 9,989,624 bales for the same period in 1906.

The total number of active ginneries was 27,370. In this bulletin round bales are counted as half bales.

There was gained 1,831,565 bales to January 1, 1908. The per cent. of crop gained to January 18, was 93.8 for 1907, and 95.3 for 1906.

**THE NAVY.****BROWN'S LETTER IS OUT.****NAVY DEPARTMENT SENDS ALL THE FACTS TO SENATE.****Admiral's Objections to Putting Medical Man in Charge of Hospital Ship Are Stated and Reply Made Thereby by Surgeon-General Rixey.****Delay of Metcalf Explained.**

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Jan. 23.—[Exclusive Dispatch.] Secretary Metcalf of the Navy Department sent to the House of Representatives this afternoon his reply to the Gill resolution, which asked for all the facts on the resignation of Admiral Brown.

The "suppressed letter" of Admiral Brown appears and is the only item of large interest, with the exception of the fact that Admiral Rixey, under date of yesterday, makes reply to all the Brown arguments from the standpoint of a medical officer.

The delay in the Naval Secretary's reply is explained by this fact: It was necessary that all the data should be collected before Surgeon-General Rixey could make reply.

The first part of the information to the House consists of the letters between the President and Admiral Brown and the President and Secretary Metcalf, which have been published. Then comes the argument of the department, which begins with an order issued August 23, 1904, stating that in the future medical officers of the navy should designate themselves as "in command of" instead of "in charge of."

Next in order is the "suppressed" letter from November 18, 1904. It asks that the order on the question of officers and crew of hospital ships be reconsidered.

First—While he concedes that the equipment of the hospital part of a ship lies properly in the province of the medical officers, he believes that the manning of a sea-going vessel is of a different character, and must be navigated on the high seas in such a manner as to keep aloft and able to keep abreast the fleet that it is supposed to accompany.

Second—Whether it is a hospital ship or of some other character, it must be navigated on the high seas in such a manner as to keep aloft and able to keep abreast the fleet that it is supposed to accompany.

Third—There is nothing to speak of in the training of a medical officer that fits him to command a sea-going vessel.

Fourth—The admiral sees no objection to a surgeon commanding a hospital ship, if the ship is safely moored to the shore. But when a ship is sent to sea, the use to which it is put is not less the probability that it will tip up if it gets at sea with wind and waves. Some one ought to be around who can diagnose the weather and the ship's behavior.

Fifth—The contention that a hospital ship is a floating vessel is denied. It is a sea-going vessel with a hospital aboard.

"Why not put postmasters in command of mail steamers?" the admiral asks.

Then follows a number of quotations from the statutes and regulations, which the admiral puts forward in support of his position that the order is illegal.

Following this letter comes a number of naval orders which show that the Navy Department ignored the admiral's letter and proceeded to put Surgeon Stokes in command of the Relief.

The last exhibit is a letter from Admiral Rixey, which he replied to all the arguments of Admiral Brown. His principal argument is that the naval medical officers should have the same rank and power as those in the army; that he never intended that the medical officer should navigate a ship, and that, as far as he has been informed, a merchant master is as good a sailing master as a naval line officer.

H. A. Jastro of Bakersfield, Cal., was unanimously elected president, to succeed Murdo MacKenzie of Trinidad, Colo., who had served two terms and declined reelection. Other officers were elected, as follows: First vice-president, Murdo MacKenzie, Trinidad, Colo.; second vice-president, M. K. Parsons, Salt Lake City; secretary, W. Tomlinson, Denver; treasurer, W. E. Hughes, Denver; general attorney, S. H. Cowan, Port Worth, Tex.

The Executive Committee includes J. H. Vickers, Ben F. Rush and E. T. Howard, California.

President MacKenzie announced that last evening he notified President Roosevelt by wire that the association had endorsed his plan of administration in regard to public lands, and read the following telegram from the President in reply:

"WHITE HOUSE, Washington, Jan. 23.—Mr. MacKenzie, President of the American Live Stock Association, Denver, Colo.: Telegram received. Am extremely pleased, not on my own account, but because I think the action taken is emphatically in the interests of the nation as a whole. (Signed) Theodore Roosevelt."

A resolution was adopted asking Congress to establish a minimum rate of twenty miles per hour for stock trains, except where physical conditions prevent.

Another resolution was adopted, which commended the pure fruit laws, and asked that the ruling against the use of sulphur in the curing of fruits, and meats, shall be modified.

WASHINGTON, Jan. 23.—[Exclusive Dispatch.] Although there will be no riders and harpers bill this session, there is a probability that the committee will permit a bill making an appropriation for the improvement of the San Diego harbor to come up for consideration.

The chairman of the committee is said to be very favorable toward this project and several of the members realize the value of a fully improved harbor at this point in case of naval contingencies on the Pacific.

The report on the preliminary survey of the harbor which will be sent to Congress next week recommends the expenditure of \$125,000 on the work,

BIG DEFICIT  
IN PROSPECT.Congressman Tawney Sur-  
prises the House.Estimates for Coming Year  
Entirely Too Heavy.Must Be Cut Down by Hun-  
dred Million Dollars.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Jan. 23.—The Urgent Deficiency Appropriation Bill, directed to the attention of the House today to the exclusion of all other business.

A surprise was sprung when Chairman Tawney of the Appropriation Committee warned the House that the country was confronted with the certainty of a \$100,000,000 deficit unless the estimates for the next fiscal year should be cut down materially.

Mr. Tawney made it plain that there would be no new appropriations for this session for rivers and harbors or public buildings, and that his calculations did not include this.

Mr. Tawney's warning was seized upon by Mr. Underwood of Alabama as the text for a lengthy discussion of the recent financial depression. He maintained that there were no natural extraordinary conditions that produced that depression. The country, he said, was prosperous and there were no exterior causes. It was not an act of God. It was not because of fire, pestilence or famine, crop failure or dearth of money, but because of a lack of confidence. It therefore had been demonstrated, he said, that far as the Republican party was working for the prosperity of the country, it had disappointed partnership with God, because all that the Almighty has produced in this country has been lavished bountifully upon it, and only the Republican party has failed in its part.

The method of making appropriations was criticized by Mr. Keller of Ohio, who said it was unbusinesslike. He favored increased fortifications, and he said that if, for instance, Pearl Harbor, and perhaps Manila, were properly fortified, "we would not be talking about a foreign war, and about a war we would not have to incur the millions of expense in sending our fleet of six battleships round the Horn of Africa, Newlands, Culberson and Stone, Democrats, will join with Senators Hale, Burrows, Dick, Nixon and Brundage in defeating any revision legislation. That will leave only Senators Hale, Burrows, Dick, Nixon and Brundage to make the fight."

It is not known what the attitude of Johnson will be, but his vote would be of no consequence, as the anti-revisionists have a big majority.

**Missouri Senator Declares West and South Were Discriminated Against, but Teller of Colorado Defends the Action of Treasury Department, as East Was Financial Storm Center.**

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Jan. 23.—Senator Stone of Missouri today presented statistics of government deposits in national banks to show that the distribution of money during the recent currency stringency was not "equitable" as contemplated by the law governing the Treasury Department.

He declared the West and South were discriminated against, while New York and Boston were favored.

His speech was on his resolution pending in the Senate, directing a committee to investigate and report on these inequities.

Mr. Stone declared the Treasury Department had in three and a half months placed \$47,000,000 in the banks of New York, in order that they might loan it out, and St. Louis bankers had told him that while their money was out of their reach, New York banks had gone to that city and had bought currency there, paying from 15 to 20 per cent. for it.

"Three per cent. was paid," declared Senator Teller, upon the conclusion of Mr. Stone's speech, said he believed the recent financial trouble had resulted from the banking system of the country and had not grown out of administration of law.

"It is possible," he said, "that the Treasury Department did not distribute the money in proportion to the banking capital, but there was one center of the whole trouble, and that was New York. The money that was in New York was not loaned out, but it was put up practically to the Treasury, which could not have served the country better than by putting the money in New York City. There were twelve or fifteen trust companies there that were in condition to go to the wall. They needed the money. They banks came to their relief. If they failed there would have been a fall-out of banks practically all over the country. The people in the West have much interest in maintaining the integrity of these trust companies as the people in New York."

"This is the age of criticism of people who have money. They have been charged with having brought on the panic. Some of the rich men of this country, who have been paraded in the magazines as people indignantly rich, put up practically their entire capital to tide over possible panic. One man put up \$1,000,000. Some of these men could have made a great deal of money by letting the banks fail."

The Senate then proceeded to consider the criminal code bill, and at 4:12 o'clock p.m. adjourned until Monday.

Estimates Submitted to Congress Ag-

a Million Dollars.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Jan. 23.—[Exclusive Dispatch.] The list of estimates submitted to Congress for improvements at the Presidio, San Francisco, and which the Military Committee of the House is now considering, totals almost \$500,000.

The main item is \$250,000 for the water supply and \$100,000 is estimated for a military prison.

The estimates are usually in excess of the amounts appropriated at one time, but Representative Kahn expects the committee will report in favor of an appropriation of approximately \$500,000 for further work there next year.

Legislation for Arshipeago.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Jan. 23.—[Exclusive Dispatch.] It is almost a foregone conclusion that there will be no legislation during the present session of Congress for the reduction of the tariff on sugar from the Philippines.

This has been taken care of by the Senate, and no matter what Secretary of War Taft may recommend to the President in his report, which will be made public next Monday, the Senate Committee on the Philippines will see that no such legislation shall reach the open Senate.

The committee on Committees of the Senate performed a very clever piece of work when they selected the Democratic members of this committee to fill the vacancies caused by the retirement from the committee of Senators Dubois of Idaho, Carmack of Idaho, Burrows, Dick, Nixon and Brundage in defeating any revision legislation. That will leave only Senators Hale, Burrows, Dick, Nixon and Brundage to make the fight."

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Jan. 23.—It is said there will be introduced in Congress within a short time a bill providing for the encouragement of rifle shooting among schoolboys.

The plan is to have the government furnish firearms and ammunition for the regular schoolboy associations, as they are now furnished to the national guard of the various States. Schoolboys in New York state have taken great interest in target practice and the associations of schoolboys are constantly growing. The shooting is done under the direction of competent teachers, and some excellent scores have resulted.

President Roosevelt is much interested in the plan to make good shots of schoolboys and it is said favors the proposed bill.

## AWARD PRIZES AT CAT SHOW.

King Cupid Best Blue-eyed Male on Exhibition.

Prince Charming and Royal Buster Also Winners.

Most of Class Judging Done During Afternoon.

Most of the class judging at the bench show of the Southern California National Cat Club was completed yesterday by Judge Joshua Cleveland of Philadelphia. The neuter, special, and short-haired classes will be judged by noon today.

The exhibitors were highly pleased at the great progress made in the work of judging yesterday, the task of looking over the two hundred cats having been more nearly completed in one day than at any previous exhibit of the club.

There were many delinquent entries yesterday, some of which came in as late as to necessitate a second judging of certain classes.

In the afternoon there was a fair attendance of visitors at the show, but bad weather in the evening kept most of the cat lovers at home. No night judging was done.

The awards made to date are:

White, blue-eyed male—King Cupid, Mrs. J. C. Gorton, first; Prince Blue Eyes, Mrs. J. C. Gorton, second; Prince of Pilem, Mrs. Carrie Preston, third.

Collegians Defeat High School Five in Game in Which Two Players Are Injured.

BY DIRECT WIRE TO THE TIMES: CLAREMONT, Jan. 23.—(Exclusive Dispatch.) In the first game of the season the Pomona College Varsity basketball team decisively defeated the Pomona High School five here this afternoon, with the score of 34 to 19, in a game full of interruptions and mishaps.

Miss Kinsey, the college center, was injured twice in the nose while the High School forward, Miss McFarland, sustained an injury to her left hand. Aside from this, time had to be taken out three times to fix the lights of the gymnasium, an hour and a quarter was required to play two fifteen-minute halves.

As Roof, the varsity captain, did great work at forward. The Claremont leader scored 27 of the total 39 points.

Miss Hitt played a strong game at center for the academicals while the work of Miss Edwards, collegian guard, was especially brilliant.

## GOOD THINGS ARE WINNERS.

Muddy Track Blamed for Lot of Beaten Favorites.

Sad Case of Marion Rose Is Taken as Criterion.

Work for Santa Anita Judges Lies in Betting Ring.

Jupiter Pluvius will be asked to shoulder all the responsibility for yesterday's form reversals at Santa Anita track. Four well-placed favorites were beaten; one of them, Mr. Carman's Copper Princess, at odds on.

It was a day of good things. Hidden Hand, Chilla, Senator Beckham and Avontellus were "tipped" to the winners before the races on Wednesday. Marion Rose is a good price, go to her, hook, line and sinker. This was the

training hereabouts. In eight starts he has won three times and been second five times. All honor to J. Riley, who owns and trains him. If all the horses were like Avontellus and the owners like J. Riley, horse racing would indeed be a sport for kings.

Senator Beckham, an 8 to 1 shot, led in one of the "Bomber" races, but was "tipped over" by Bowser Red 2 to 1; Billy Bowlegs, 8 to 1; and Aquiline, the hot favorite, at 6 to 1. E. Martin had the best upon the choice. Nuff said. Martin, like Buxton, has hard luck on favorites, and is giving the first time out. Buxton was one of the good things which went wrong. Results:

# MUSIC AND THE STAGE.

Hofmann remains a great master of his art and a superb embodiment of his art. He frequently lacks of feeling. He has little of the quality of a Hofmann and in his playing of the finest expression of a Hofmann at a loss.

He presents an engaging and interesting program, one that is not only a pleasure to the audience but also a pleasure to the artist. He is a Hofmann who could not be a Hofmann at a loss.

ture heads done in water colors, and a beautiful violet centerpiece, with corsage bouquets of the same flower decorated the table. Special guests present were Miss Alice Parsons, Miss Grace Ebbens, Miss Jennie Dennen and Miss Johnson, four teachers.

**Return Home.** Mr. and Mrs. J. Ross Clark and their son, Walter M. Clark, returned day before yesterday from a three weeks' visit in the City of Mexico.

**Interesting Wedding.** News from Cleveland, O., of the wedding of Miss Edith Helms, daughter of Mrs. A. A. Helms of South Pasadena, to William H. Harman of Camden, N. J., interests the bride's large circle of California friends. Miss Helms left recently for Cleveland, accompanied by her mother, and the wedding took place at the home of relatives. Mr. and Mrs. Harman will make their home in Camden.

**Theater Party and Dinner.** Mr. and Mrs. D. M. Greene of the Princeton apartments, entertained last evening with a box party at the Orpheum, followed by dinner at the Alexandria. The event was in honor of R. E. Ivett and J. Johnston.

**Morning Wedding.** Miss Nettie Matulich and Frank Armerich were married Wednesday morning at the Holy Cross Church, Father Fay officiating. In the afternoon a large reception was held at the home of the bride's brother, J. E. Matulich, where flowers and foliage were combined in a pretty decorative scheme. A honeymoon trip to San Francisco and other northern points of interest will be enjoyed by the young people, who later will make their home in this city.

**Well-Known Visitor.** Mrs. R. Walter Croushaw of New York, formerly Miss Jessie Butler, one of this city's fair debutantes, is here for a short visit at the home of Gen. and Mrs. J. W. No. 22 West Twenty-seventh street.

**Mrs. Hammond Hostess.** Mrs. O. D. Hammond entertained a number of friends from Pennsylvania Wednesday afternoon at No. 504 Malcomson street. The hostess will leave today for Northern California, where she will make her home. Guests present were: Mrs. Eliza Peters, Mrs. R. Cochran, Mrs. M. A. Martin, Mrs. J. Biles, Mrs. J. W. King, Mrs. W. T. Osterholt, Mrs. E. M. Milia, Mrs. C. L. Baker, Mrs. J. M. Carpenter, Mrs. S. Griffith, Mrs. L. J. Bailey, Mrs. E. E. Biles, Mrs. E. A. Lewis, Mrs. W. Leach, Mrs. J. R. Carpenter, Mrs. J. Edgcomb of Pasadena, Mrs. J. Kers, Miss Edna Hammond and Miss Eva Ansley.

**Averill Club.** Members of the Averill Club will hold a meeting today at the home of Mrs. J. W. Henry, No. 1412 Burlington avenue. An interesting programme has been arranged for the enjoyment of the guests.

**Invitations Issued.** Mrs. Hancock Banning has issued invitations for an informal afternoon tea at her home Saturday, complimentary to Miss Albertine Denis, and Miss Mabel Horn of St. Paul. The guest list includes members of the younger set.

**In Honor of Miss Clover.** Mrs. John Valentine Wachtel, Jr., entertained with a box party yesterday afternoon at the Belasco Theater in honor of her sister, Miss Marjorie Clover, whose engagement announcement was interesting news of last week. Miss Hinda Rose of Oxnard was also a guest of honor. Tea was served later at the Copper Kettle Tea Room.

**For Mrs. Upham.** Mrs. Hampton Hutton of No. 1029 West Twenty-third street, was hostess last evening at a heart party in honor of her daughter, Mrs. J. S. Upham, and her daughter-in-law, Mrs. Frank S. Hutton.

**Mrs. Meekins Entertains.** Mrs. D. A. Meekins of No. 1260 Arapahoe street entertained informally recently with a whist party. The living-room was fresh with a pretty combination of violet, rose and ferns, while in the dining-room pink carnations

Notes from Bennett to One Who Slew Him Read.

Former Lover Says She Has a Tender Heart.

Love letters, in which were mingled information about his business, were written by George T. Bennett, who was executed for the murder of Mrs. E. J. Bennett, and were introduced in the Superior Court yesterday and their presentation was the evidence produced by the defense. The letters had not been previously introduced at the trial of Bennett for the murder of Bennett. The letters were given up by the defense, according to the testimony of the witness, who was called by the defense. The letters were given up by the defense, according to the testimony of the witness, who was called by the defense. NOBLE MINES DEAL CLOSED.

SAN DIEGO PROPERTY PASSES TO LOS ANGELES.

Equipped With Five-Stamp Mill, and Work Will Be Started at Once.

What's Doing on Prince of Wales Island, Where Successful Work Has Been Going on Steadily.

By a deal closed a few days ago on the ground, the Noble Mines, one of the most promising properties in the San Diego county, has passed into the control of Los Angeles capitalists.

The negotiations have been pending for several weeks and have been in charge of C. Mills Titus. He has made three trips by auto to the mine and his persistence has finally been rewarded.

The exact price of the property has not been ascertained, but it is known to be in the neighborhood of \$50,000. The bond runs for eight months from the date of the deal, and the buyers will have the privilege of running the mill on ore extracted in course of development.

Those who are interested in the deal are C. Mills Titus, W. H. Jay, a well-known operator who comes from Colorado, but who has made this city his home for some time; W. Burton, T. Carter, a company, with a capital of \$100,000 in \$1 shares is now being organized and the final papers will be filed in a few days. Four hundred thousand shares will be placed in the market in the development, but none will be offered at this time and it is not believed by the owners that it will be necessary to offer any in the immediate future.

The property has been worked in a desultory way for several years, but has been idle for the last eighteen months. Up till that time it was in the hands of an English company which procured it at \$50,000 from the owners, Jack Noble and his brother, old-timers in that district. The English company paid \$5,000 of the purchase price, and another \$50,000 on roads and machinery and then got into trouble. A right began between two opposing cliques of stockholders and, while it was going on, the final payment of \$15,000 became due and was not met. The property therefore reverted to the Nobles, who were involved in much litigation as a result of lawsuits filed against the English concern.

The property has already produced between \$20,000 and \$100,000, extracted from the higher-grade ore by the Nobles with the aid of a small two-stamp mill. Since then a fine five-stamp mill has been erected and foundations are ready for the increase of capacity to five stamps. The property is equipped with splendid accommodations for management and men, all buildings are electric-lighted and there are three small gasoline hoists on the ground. The mill is run by water power, developed from a small lake two miles back of the mines.

The deepest development is by shaft on the Spring claim, these workings having reached a depth of 220 feet from the collar and 600 feet from the highest point at which the vein is exposed further up the mountain. At the deepest point over two and a half feet of ore is exposed, running high in tellurium. In other places over 1000 feet of work has been done and, according to engineer's reports, upon which the present deal was closed, there is \$50,000 worth of free-milling ore actually blocked out and in sight. In another place a surface shoot, 200 feet in length, has been developed and shows over eighteen inches of high-grade ore.

As an indication of the high values which are met with in the mine, the assays taken by the present owners on the last trip to the mine may be of interest. From the shaft and stopes of the Treasury workings two samples gave \$122.68 and \$105.39; one from the Bay View workings, \$123.59 and another from the surface, \$117.36; one from the Eureka No. 2 shaft, \$144.57; one from the Eureka No. 1 shaft and stopes \$109.63 and one from the Oxide vein \$49.75. Several inches of schist, lying outside of the Treasury vein, ran \$151.94.

From Ketchikan.

News of the Ketchikan district and the contiguous portions of Southeastern Alaska is received from J. E. Ryus, now a visitor in this city, who is in the drug business at Ketchikan and who therefore has an opportunity of feeling the pulse of the district.

It is now ten years since the first copper excitement drew the wanderers of the Prince of Wales Island and, while the boom features have been eliminated, work has been going on steadily and persistently with great success. In 1900, Patry Clark, the Spokane millionaire, sent his men into the country and spent a great deal of money in developing properties upon which he secured bonds. Sam Silverman, another well-known operator, went into about the same time and finally found properties which he subsequently sold for large sums. He built the smelter at Handley with the aid of New York capitalists, under the name of the Brown-Alaska Copper Company. Since then the district has entered a prosperous era of production and the population of Ketchikan is estimated at 1500. The town is on the village of Island and is built on stilts. All the streets are made of six-inch planks and for many years no horses were used in hauling, owing to the soft formation of the land.

Among the most important mines on Prince of Wales Island are the Jumbo, owned by Congressman Silver, of New York, and his friends, and which is still working; the Mount Andrews, on Chokmondeley Sound, which is sinking a deep shaft; the Uncle Sam, and Mame, near Handley, which are both developing; the Valparaiso, a free-gold property, owned in Southern California, which is working; the Stehman and the Revilla, and which is earning much wealth from the canneries in the vicinity.

LEWIS Single Binder costs more than other six cigars. Smokers know why.

Here is one way to keep cheerful: Live out-doors and exercise in plenty. Eat coarse food, much fruit, many green vegetables. Here is the other way: Take a Cascaret when you need it. That will supply, in a gentle and natural way, the same laxative effect on the bowels.

Nobody questions that the first way is best. So would it be best, for much the same reason, to do all of our reading by sunlight. But most of us are compelled to choose a second best way. And that way is Cascarets. No other laxative acts so nearly as proper living would act on the bowels.

The days of castor oil and salts, of pills and cathartics, are over. What they did artificially, is now done by Cascarets gently. The right way is to take a Cascaret when you need it. Carry a box in your pocket. Ward off those dull feelings, those headaches, before they fairly get started.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The price is 50 cents, 25 cents and Ten Cents per Box.

But from long experience I find it holds true that the best cure is the one that does not cost the patient sufferer not so much from the original malady as from the result of the improper medical attention. Family physicians cannot be the owners knowledge of these diseases and cannot take the time to thoroughly study each case. Trying to cure a disease with a wrong remedy always does harm. ## St. Vitus' Dance

Many persons who suffer untold agonies from epilepsy, fits, spasms, and St. Vitus' Dance are told day well. The strengthening influence of Dr. Miles' Nerve upon the shattered nerves having restored them to perfect health.

"I endured agony that words can not express from St. Vitus' dance which followed a very severe spell of rheumatism. I doctored with a physician; but the more I took of his medicine the more I suffered. My mother's doctor told me to try Dr. Miles' Nerve Tonic. I bought a bottle and took it as directed. I feel like a new man now. I can do my work and am in good health."

"Our little boy Harry, had spasms for years, and was attended by many physicians, but continued to grow worse until he had to be put in a hospital. His mother's attention was called to Dr. Miles' Nervine, and after a few bottles his spasms improved, and now, when he has finished the fourth bottle, he is as healthy as the other boys. We have not been seen now for years. We always recommend Dr. Miles' Nervine."

## RAINFALL SOAKING.

(Continued from First Page.)

good. This takes the total in this city for the season, to a little over five inches. The mountains regions are more generously remembered in some instances. Estimates at Skyland are that about two inches fell with a light fall of snow during the evening and at about the same amount in Little Bear Valley. Low hanging clouds gave a prospect of continued rain during the morning hours with possibly continuance of the storm during today.

That every drop from the clouds is evidence of the joy of the orange growers who have been irrigating this winter, a measure seldom resorted to in the winter season. In many of the groves the soil was commencing to dry out and trees were showing the need of moisture. On Wednesday orange growers were preparing to irrigate their groves, but yesterday it was thought that sufficient moisture had fallen to take the trees through in fine shape for some time to come, and fruit and grain crops are assured. The total for the season in Mill Creek up to mid-night was 7.21 inches; in Lytle Creek, 8.84 inches.

At Redlands the season's precipitation amounts to 7.66 inches.

At 11:30 o'clock this morning rain had again commenced and the precipitation was heavy and general.

RIVERSIDE COUNTY.

A general rain prevailed yesterday throughout the entire length and breadth of Riverside county. Reports at a late hour last night were to the effect that precipitation varying from half an inch to an inch and a quarter had been registered up to sunset, and that it was still raining in all parts of the county, except in the Riverside Valley, where it has cleared up during the evening. The heaviest precipitation in the county reported was at the ranch of the Chase Nursery Company on Orange Heights.

William Newport, the largest rancher in the county, reported that the hay and grain crops had not suffered from the light rain in November and December, and that the occasional showers had been sufficient to keep the crops in good condition, so that, with the present rain, everything was assured. The average is assured if there are average rains during the remainder of the season. This report was confirmed by others who were in Riverside from the back country yesterday, and the general feeling is that the farmers are destined to have another prosperous year.

At a late hour last night the weather conditions in Riverside indicated that rain was over, although telephone reports stated that the precipitation was keeping up out on the higher sections of the county, where the greater part of the hay and grain is raised.

ORANGE COUNTY.

The rain in Santa Ana began at 6 o'clock yesterday morning and was coming down, sometimes in a drizzle and sometimes in light showers, all day. The rain was greatly needed, it is one of the crops which everybody was ready for it. The ranchers had begun to fear a dry winter, but their hopes are now high for frequent rains this spring. The fall is slow so that the moisture soaks into the ground. This storm will likely insure plenty of grass for the pastures and well watered ground for grain. About half an inch fell in the day.

SAN DIEGO COUNTY.

In San Diego county the rain amounted last evening to .75 inch in the Julian and nearly half an inch in the Escondido section of the back country. The average velocity of the wind for three hours was twenty-six miles. The precipitation gives the city a record of 2.84 inches as against 7.81 inches at this time last year, making the normal seasonal deficiency 1.84. Last evening it was raining hard.

SANTA BARBARA COUNTY.

The fall in Santa Barbara began about 5 o'clock last night. It was at first hardly more than a mist, and at 7 o'clock amounted to only .45 inch. Between 8 and 9 o'clock it settled to a steady downpour, the local gauges showing a precipitation of over .10. The season's rainfall, with last night's storm, amounts to nine inches. Santa Barbara's rainfall so far has been up to normal, but is far below last year's unusually large showing.

VENTURA COUNTY.

A fine rain began in Ventura yesterday afternoon with a heavy south-east wind blowing. The precipitation was heavy and last night, the rain continued with a prospect of continuing throughout the night. At midnight nearly an inch had fallen. The rain is a timely one and will do much good throughout the county. Stock feed on the ranges was drying rapidly, hay advancing and plowing had stopped in several sections. A dry year was feared. Before this rain about seven inches had fallen for the season, somewhat less than at the same date last year. This present rain with the spring rains as usual will assure a good season.

BRYAN'S PLATFORM.

Whether Government Shall Be Administered for Whole People or Few is Issue, He Says.

(BY DIRECT WIRE TO THE TIMES.)

LINCOLN (Neb.) Jan. 10.—(Exclusive Dispatch.)—The paramount issue in the coming campaign is not the tariff, says W. J. Bryan in tomorrow's Commoner. He adds:

"The fact is, and it might as well be recognized, that some who call themselves Democrats are so closely connected with railroad interests, either as stockholders, legal representatives or financial agents, that they underestimate the importance of the trust question, as those connected with the railroad industry. They insist that the tariff and the tariff alone shall be considered."

The real issue, after all, Mr. Bryan concludes, is whether the government shall be administered by the people in the interest of the whole people or whether it shall be administered for the benefit of the few.

FLASHES FROM WIRES.

A series of earthquakes shook the province of Reggio di Calabria, Italy, yesterday. Up to the present time no report of loss of life has been received. The terrified people rushed from their homes in the open fields or took refuge in the near-by subterranean grottoes.

In order to prevent the spread of scarlet fever, the Minneapolis Board of Education yesterday decided to burn at least 750 text-books in use in the Canewood and Douglas schools, where there are thirty-six cases of the disease.

Because of a falling off in street car travel due to business depressions, the Philadelphia Rapid Transit Company has removed 100 cars from service and will take off twenty-five to forty more. The sections of the city most affected are the manufacturing centers.

The German-American Alliance of St. Paul, Minn., has started a campaign for a modification of the liquor laws of Minnesota, and will endeavor to make the matter an issue at the full election.

The International Independence Telephone Company yesterday elected C. Lindemuth, Richmond, Ind., president. Among the vice-presidents is Arthur Wright of Los Angeles.

## OFFER TO MAN GUNS.

(Continued from First Page.)

ended by the national Guard Association at Boston shall pass Congress. This bill provides that the United States government shall meet all expenses of militia for arms, uniforms and munitions in general, and that the limitation requiring militia not to serve in foreign countries for more than nine months shall be abrogated. The bill contemplates that in case of war the militia will be drawn on first, before any call should be made for volunteers. In case the militia is understood by J. M. Becker, the Sixth at Whittier, under Dr. Harvey Elder, the Seventh at Covina by Jeff Meeker, the Eighth at Glendale by Sergt. Harry Stock.

The Fraternal Brotherhood, which has four companies of about forty drilled men each, expects to enter the Rifles in a body and may be assigned to a special battalion. Action is to be taken at once to be held during the next week. Gun club men are organizing a company under Frank S. Hicks, while Edward D. Silen is organizing a squad among the business men.

The Cadet company is being organized under Lieut. O. S. Lowrey and is to be recruited from the high schools and colleges.

The Hospital Corps is being organized under Dr. G. A. Scroggs, while an auxiliary squad of about twenty-five women Rifles is being organized as a nurse squad by J. S. Hendrickson.

RANGES SECURED.

Ranges have been secured at Calhoun Pass, Redondo, Venice, Glendale and negotiations are on for others.

The Glendale Gun Club, consisting of about forty shooters, is forming the nucleus of a company in the San Fernando Valley. Sergt. Harry Stock, an old army sharpshooter, is organizing the company. It has a range on the Verdugo Road at 200, 300 and 500 yards.

Capt. A. A. Fries, Corps of Engineers, U. S. Army, generally commends the formation of the Rifles, insofar as target practice is concerned, and yesterday expressed his desire to join one of the companies and take part in the practice. He has offered his assistance to the Rifles in matters pertaining to location of ranges and preparation for target shooting. He commends the formation of rifle clubs wherever practicable.

THE SOUTHERN CALIFORNIA RIFLES have been organized for less than two weeks, but in that time have accomplished much toward the formation of practically a regiment of men. In detail, the work done includes:

The selection of a temporary board of control of seven men, which has full charge of the organization until such time as it shall be made permanent. The board of control has appointed organizing officers for the formation of company units, in each case reserving to the company the right to elect its permanent officers, except in one instance, the Scouts, where a leader was selected arbitrarily, and the selection of his officers and men. To date the organization is composed of the following:

The Scouts, to be composed of a full squadron of four companies under the able command of Dr. Fred C. Shurtliff, who has been given the rank of major. Dr. Shurtliff already has appointed three of his captains and chiefs of service departments, and will appoint another captain later. It is proposed to select about 500 plain men, expert shots, excellent riders, the good guides and trailers. A large number of these men already have been enrolled.

FORMING FIRST TROOP.

The First Troop is being formed under the auspices of the Vagabond Club. Part of the members have been chosen for the Scouts. The detail work of the organization is under the direction of J. S. Hendrickson and Robert M. Yost.

The First Company of footmen is being organized by the Native Sons under direction of Ray Howard. They propose to have at least one crack company, and later may form another.

indorsed the project, and given it their hearty support.

The Second Company is composed of men in Los Angeles not attached to other companies. C. Harvey Elder, the secretary, has about sixty names of men desiring to join. As the secretary has been reassigned to organize the artillery company, his place in organizing the Second Company has been passed over to C. F. Fries, who has called a meeting of the men at the Calhoun Pass shoot for 11 o'clock Sunday morning.

The Third Company is being organized under the direction of Lieut. Henry E. Miller at Glendale. The Fourth Company at Pasadena, under direction of Dr. Elliot Alden; the Fifth Company at Long Beach by J. M. Becker; the Sixth at Whittier, under Dr. Harvey Elder; the Seventh at Covina by Jeff Meeker; the Eighth at Glendale by Sergt. Harry Stock.
